MARCH 2012

Free career review at the National Franchise Exhibition

The UK's No.1 career coaching company will be providing free 1-1 career reviews at the franchise exhibition at London Olympia

If you have been made redundant, want a career change or are looking for a challenge in your next career move, come and visit Personal Career Management at the Career Advice Clinic. With further job cuts and redundancies predicted in 2012 individuals are looking more so than ever at a possible career change, setting up their own business or moving into franchising.

Career coaches at the Career Advice Clinic will be on hand to discuss anything around your career. You can discuss topics such as exploring your career options, your suitability for franchising or finding out what franchises may suit you. You can also get help on making the most from your visit to the franchise show.

The Career Advice Clinic should be your first point of contact when you visit the exhibition where you can book your free 15min career coaching session with one of their expert career coaches. You will find Personal Career Management at stand F20 to book your appointment.
